SUSTAINABILITY PARTNERSHIPS

Towards Improved Business Sustainability in Europe

An opportunity for the training participants to join the international stakeholder meeting focused on practical multi-stakeholder partnerships towards improved business sustainability in Europe.

ABOUT THE TRAINING

A reputable qualification program for an international group of fifteen academic pioneers, change leaders, individual managers and decision makers. The training is taking place between 19 – 21 September 2017 in Vienna House Andel's, in the historic centre of Cracow, Poland. The third day of the training is combined with the International Stakeholder Meeting, where the training participants will meet further stakeholders in order to present their projects and to work on practical partnerships towards improved business sustainability in Europe. The Training objectives:

- To drive sustainable change in business
- To develop the leadership capacity of individuals that will carry out the change projects

ABOUT THE STAKEHOLDER MEETING

The event is taking place within the Training, on 21 September 2017 in Vienna House Andel's Cracow, in the historic centre of Cracow, Poland. The International Stakeholder Meeting is focused on the practical tools and partnerships towards improved business sustainability in Europe. The aim is to enable the attending stakeholders to better network, collaborate, initiate projects and form partnerships for improved business sustainability. Furthermore, the goal is to facilitate the exchange of knowledge and best case approaches focusing in particular on the collaboration between Polish and German institutions (private enterprises, universities, NGOs, local government and national networks). The Meeting objectives:

- To initiate new projects and partnerships for improved business sustainability in Europe
- To foster networking and collaboration among enterprises, universities and international networks in the food sector
